2. Revenue Projections

Gap Elimination Adjustment

- Starting in 2010, NYS Governor Patterson tried to close a dramatic state budget gap that had been building for many years with a “one time” assessment on school aid called the Gap Elimination Adjustment (GEA).
- On our aid projections that are produced by the state, this is a negative number noting money that is deducted from what is legally due to the district.

YEAR	GEA
2010-11	(\$727,478.00)
2011-12	(\$770,507.00)
2012-13	(\$658,300.00)
2013-14	(\$487,421.00)

Property Tax Levy Limit Overview

- The tax levy limit is not a “2% cap”
- The formula allows for certain expenses to be exempt from the cap, therefore allowing the total tax levy increase to be greater, or lower than 2% depending on variables that exist
- These “exclusions” include capital debt increases, pension cost contributions, and increases in PILOT payments
- The law applies to the school district tax levy, not the individual tax bill of resident taxpayers
- The “tax levy limit” will vary district by district
- A tax levy increase above the limit set in law must be approved by 60% of the voters (supermajority).
- A tax levy at the limit, or below must be approved by over 50% of the voters (e.g. a simple majority= 51%)
- Voters are still approving the expenditure budget, not the tax levy

Tax Levy History

Transfer From Debt Service

Transfer from our Debt Service Fund to remain the same at **\$250,000**.

Details:

Debt service funds can only be used to offset costs associated with long term borrowing. For Naples CSD, these funds will be used to offset costs for paying down debt on current and prior capital construction projects. Funds are derived from interest earned on borrowings during previous capital projects.

Reserve Usage

Decrease transfer from our Employee Benefit Accrued Liability Reserve:

➤ from \$300,000 to \$250,000 (-\$50,000)

Decrease transfer from our Retirement Reserve:

➤ from \$200,000 to \$150,000 (-\$50,000)

Reduce Usage of Appropriated Fund Balance:

➤ from \$750,000 to \$650,000 (-\$100,000)

*Total Decreased Reserve Usage: \$200,000 per BOE adopted “Reserve Use and Fund Balance Plan”

Long Range Reserve Usage

- A long range plan for reserves has been prepared to assist the BOE in determining the amount of reserves the district will use in this time of fiscal uncertainty. The goal is to use reserves to stabilize program and tax increases while simultaneously maintaining a healthy financial position.
- Through effective planning, the district has worked diligently to maintain our fund balance at the limit legally allowed by law so as to retain a strong financial base and credit rating.
