Points of Interest

2nd Vice President Jacob Hall stated Friday night's Boys Varsity Soccer game was a heart break, however the upside of that was there was really good sportsmanship, it was a really good game and there were really good fans in the stands. Mr. Hall also noted the Elementary is alive with the next generation of players, developing their skills, adding the whole building is alive with athletics. Mr. Hall also stated the 5th & 6th Grade Robotics are getting ready to do a

demonstration to the 4th Graders, stating there are some really nice feeder programs and role models throughout the school.

1st Vice President Joseph Callaghan stated that as far as Friday night's game, many people commented that it was one of the largest turn outs they had ever seen.

Superintendent Frahm stated it was a great game, a one-zero game between two incredible teams.

Elementary Principal Kris Saucke stated she wanted to give a quick plug for next Thursday's Rally in the Valley (November 10th) at 1:00 p.m. to honor all of our local Veterans, inviting the board and administrators to attend if possible.

Superintendent Frahm pointed out that Seth Price and Chloe Louthan-Green are the October Athletes of the Month, congratulating them both.

Superintendent Recognitions & Updates

Superintendent Frahm shared a photo of the Naples Model United Nations Team, noting every fall the team goes to Canisius College to participate in a Model UN Program, always falling right around soccer sectionals, stating they did a terrific job and had great experience.

Superintendent Frahm presented a quick overview of SPHERO computer programming, stating he was walking through the Elementary school outside of the gym today and there were fourth grade students working on computer programming SPHERO balls. Teacher Anneke Radin-Snaith stated it's a little ball that can be programmed to go where you want it to go, noting it helps students understand the basics of drag and drop programming. Mrs. Radin-Snaith noted working with the SPHERO balls definitely will help with developing a feeder program for Jr. Robotics as it helps to spark the students' interest in robotics.

Mr. Frahm showed a picture from Red Ribbon Week, the staying Drug-Free Week, noting last week the Elementary and High School participated in planned activities for Red Ribbon Week.

Superintendent Frahm presented an update on the Board Priorities and Commitments, noting two weeks ago he met with the K-12 Department Chairpersons and talked about the Board Priorities and Commitments and then on Monday he did an all staff presentation where people had more of a chance to hear a little more about what the board has been discussing; to ask some questions; and then start working as departments on how we can build a K-12 plan that will reflect these priorities and commitments. Mr. Frahm presented information on the three basic priorities and commitments: ELA & Literacy, STEAM enhancements, and Student Engagement.

Mr. Frahm noted he shared an overview of stakeholder interviews on a vision statement at the last meeting and was left the question of what do we do with the information from the interviews; Mr. Frahm proposed to make similar presentations to staff; community; and students, then at the end of those presentations ask if anyone is willing to participate in a Vision Statement Writing Committee. Mr. Frahm noted he would like to get a good handful of participants who really believe in this and would be willing to sit down and craft a Vision Statement. The board agreed with the proposed process.

Superintendent Frahm discussed NYSED's requirement that Districts have a Professional Development Committee and noted he had asked those who have been members of the CDEP Committee, which is a model no longer supported by NYSED, if they would be willing to participate in a Professional Development Committee instead, adding the group had agreed.

Board Members Carter Chapman, Gail Musnicki, Maura Sullivan, and Margo Ulmer presented information from the various workshops they attended at the 2016 NYSBBA Convention.

Board Reports

Board of Education and Facilities Committee Member Carter Chapman reviewed items as discussed in the Facilities Committee Meeting including continued discussion on the capital project; getting the property appraised; looking at the upcoming items for January, including selecting an architect; establishing a timeline for a vote on the capital project; proposed outdoor learning place in the courtyard at the Elementary building; Elementary Kitchen cooler needs repair, looking at replacing the condensing unit; Safety Tour at Elementary building – An issue brought up during the lock down drill was the need to be able to lock the classroom doors more quickly and easily and also looking at applying safety film to windows. Mr. Chapman then noted the maintenance department is a little short-staffed right now with medical issues and also the art work to be installed in the High School by Darryl Abraham has been sprayed with a fire stop spray, adding there will be a wood base by Karl Neubauer and a glass cover by Mike Sheedy over the artwork once installed over Christmas break.

1st Vice President Joseph Callaghan stated if anyone is interested in joining the committee for developing the Outdoor Learning Space in the Elementary courtyard to contact Elementary Principal Kristina A. Saucke. Ms. Saucke stated there are students coming from the High School are going to go over to help conceptualize and makes some designs, adding they hope it will be a joint effort between the Elementary and the High School.
